

On behalf of The Chilean Economic Development Agency (CORFO), we have the pleasure of inviting you to The 3<sup>rd</sup> International Conference in Renewable Energy Investments and CDM to take place in Santiago, Chile from October 28<sup>th</sup> to the 31<sup>st</sup>, 2008, which will be held in conjunction with The World Summit of Climate Change and Energy, instance where the Latin-American Carbon Forum will be developed.

The Chilean Economic Development Agency has worked jointly with the National Energy Commission in developing a program to promote renewable energy projects. This initiative has resulted in a portfolio of more than 100 projects. Thanks to two International Investments Conferences in Renewable Energy and CDMs, held in 2006 and 2007, these projects have been well-positioned among international stakeholders.

The 2008 Conference expects to duplicate the amount of actors directly linked to the investments in energy and CDM projects, and further strengthen business ties between foreign investors, project developers, and CDM promoters, giving them the opportunity to have one-on-one meetings.

In accordance with previous years, no registration fee will be incurred. For further information and on-line registration process for The 3<sup>rd</sup> International Conference in Renewable Energy Investments and CDM please visit the following website:

## NCRECDM 08

3<sup>rd</sup> International Conference on Renewable Energy Investments and CDM

Hydro Power

La Agencia Chilena de Desarrollo Económico (CORFO) lo invita al Tercer Encuentro Internacional de Inversiones en Energías Renovables y MDL, en Santiago, Chile, desde el 28 hasta el 31 de octubre, 2008, que este año se enmarca en la Cumbre Mundial de Cambio Climático y Energía, instancia donde también se desarrollará el Foro Latinoamericano del Carbono.

The Chilean Economic Development Agency (CORFO) invites you to The Third International Conference on Renewable Energy Investments and CDM, to take place in Santiago, Chile, from October 28th to 31st, 2008, and to be held in conjunction with The World Summit on Climate Change and Energy, an arena where the Latin American Carbon Forum will be developed.

Wind Power

A partir del 2005, la Agencia Chilena de Desarrollo Económico en conjunto con la Comisión Nacional de Energía han desarrollado un programa de promoción de proyectos de generación de energía eléctrica a partir de fuentes renovables. Esta iniciativa ha permitido levantar una cartera de más de 100 proyectos.

The Chilean Economic Development Agency has worked jointly with the National Energy Commission in developing a program to promote projects in the generation of electrical energy from renewable energy sources. This initiative has resulted in a portfolio of more than 100 projects.

Biomass and Bioenergy

La realización de dos Encuentros Internacionales de Inversión en Energías Renovables y MDL, en el 2006 y 2007, ha permitido posicionar estos proyectos entre actores internacionales. El Encuentro de este año, potenciará las negociaciones entre inversionistas extranjeros, desarrolladores de proyectos y agentes del MDL.

Thanks to two International Conferences in Renewable Energy Investments and CDMs, held in 2006 and 2007, these types of projects have been well-positioned among international stakeholders. The 2008 Conference will serve as a forum to enhance the negotiations between foreign investors, project developers and CDM agents.

Geothermal Energy

El Encuentro del 2008 espera duplicar la cantidad de actores vinculados directamente a la inversión en proyectos de energía y MDL, incluyendo inversionistas privados, fondos de inversión, bancos, organismos multilaterales, proveedores de equipos, desarrolladores de proyectos, agentes públicos, etc.

The 2008 Conference expects to double the attendance of actors directly linked to investments in energy and CDM projects, and to further strengthen business ties between private investors, investment funds, banks, multilateral agencies, product providers, project developers, public agents, etc.

Clean Development Mechanism

### Oportunidades de Negocios

Al participar en este evento usted tendrá la posibilidad de establecer contacto con actores nacionales e internacionales de los mercados de Energía Renovable y MDL. Además inversionistas, brokers de bonos de carbono e intermediarios del mercado de carbono tendrán la posibilidad de reunirse formalmente con desarrolladores de proyectos chilenos en las áreas mencionadas. El portafolio de este año está compuesto por más de 50 proyectos en energía renovable y MDL, que ofrecerán grandes oportunidades para todos aquellos interesados en invertir en el sector.

### Business Opportunities

By participating in this event, you will have the opportunity to establish contact with national and international actors in the Renewable Energy and CDM markets. Investors, custom brokers and intermediaries of the carbon market will also have the opportunity to meet formally with Chilean project developers in the mentioned areas. This year's portfolio is made up of more than 50 projects in renewable energy and CDM, providing a great opportunity for all those interested in investing in the sector.
