駐日ガーナ大使館より FAKE GHANA ENTITY に関する注意喚起

There is a Ghanaian Company by name **GHANA COMMERCE DEVELOPMENT COMMISSION (GCDC)**, which has been holding itself as a state institution in charge of awarding and approving contracts in Ghana.

The company has been investigated by the competent authorities and found to be a **FAKE syndicate** aimed at defrauding foreign companies, thereby denting Ghana's image within the International Business Community.

The Embassy of Ghana is therefore bringing this information to the attention of JOI members and investors to be wary of this company.
