Introduction

Welcome to our world of global logistics and seamless supply chain solutions. We are an international freight forwarding company dedicated to providing efficient and reliable transportation services across the globe. With a strong commitment to customer satisfaction and a vast network of partners worldwide, we strive to exceed expectations and deliver exceptional freight forwarding solutions tailored to our client's unique requirements.

HAPS Global Logistics is a global transportation and logistics company that offers a wide range of services to customers in various industries. Founded in the last 10 years, our organization has quickly established itself as a reliable and trusted partner for businesses seeking to convey their goods efficiently and cost-effectively.

Our team of experts has decades of experience in the shipping and logistics industry, and uses the latest technology to provide innovative solutions to our client's transportation needs. The commitment to quality, safety, and customer satisfaction is at the core of everything we do and this has earned us a reputation for excellence in the industry.

At HAPS Global Logistics Ltd, we specialize in providing end-to-end logistics solutions to clients engaged in various industries, including manufacturing, retail, automotive, pharmaceuticals, technology, and more. With years of experience in the field, we have developed a deep understanding of the intricacies of international trade and transportation, enabling us to offer customized solutions that meet our client's diverse needs.

Our comprehensive range of services includes air freight, sea freight, and land freight transportation, customs clearance, warehousing, and distribution. With a team of experienced professionals and a global network of partners, we provide end-to-end supply chain solutions that meet the unique needs of our clients.

Our Vision

To craft the brand and choice of Logistical Services that enhances client's experience.

Our Mission

To provide our clients with innovative and reliable transportation and logistics solutions that help them grow their businesses and achieve their goals.

Our Value Proposition

Operational Excellence

We are driven by a reputation of providing value-added solutions to all our customers. Our Project Team understands the value of executing projects successfully without compromise to long-term profitability or achieving business goals. We do not promise what we cannot deliver and aspire to ensure that clients, shareholders, partners, and employees trust us in keeping our word. Irrespective of the project scope, we uphold the highest standard of ethical behavior and integrity in our relationships with all stakeholders and choose to work with those who do the same.

Local Industry Expertise

HAPS's strength in achieving project excellence hinges on the fact that as a private enterprise, we are not driven by pre-defined growth targets or meeting quarterly projections. Instead, our management teams' focus is on building value. Our management team and technical staff brings an extensive background of industry experience, and conduct our operations with integrity, a commitment to safety, and with a commitment to environmental stewardship.

Ethical and Responsible Business

Our standards govern everything we say and do during our daily activities. We have an individual and shared responsibility to act with integrity, transparency, and commitment to generate and establish a trusted relationship with all our stakeholders, and these Principles are our guide to fulfilling that responsibility. We focus on value-added solutions to our customers, in a transparent manner.

Environmental Commitment

We seek to protect the environment as essential to sustainable development. We recognize our responsibility to minimize negative impact on the environment.

Cutting-Edge Technology

We leverage advanced technology platforms to streamline processes, enhance visibility, and provide real-time tracking and updates to our clients. Our systems ensure transparency and efficiency at every stage of the logistics journey.

Customer-Centric Approach

At the heart of our operations is our commitment to customer satisfaction. We listen to our client's needs, tailor our solutions accordingly, and maintain open lines of communication to ensure their requirements are met effectively.

Quality and Compliance

We adhere to the highest standards of quality and compliance in all our operations. We are fully licensed and insured, and we prioritize the safety and security of our clients' goods throughout the transportation process.

Safety and Security

We understand the importance of safety and security in the logistics industry, and we take all necessary precautions to ensure that our clients' shipments are transported safely and securely. We work closely with our clients to develop comprehensive risk management strategies that address potential risks and minimize the likelihood of disruptions.

Health, Safety, Environment and Quality

Health, Safety, Environment and Quality (HSEQ) are an integral part of all our activities. We ensure a safe and efficient workplace free from accidents and injuries and we ensure environmental protection.

HAPS believes that all undesired events are preventable and is achieved through effective planning and compliance with all HSSE protocols. We promote a responsible Safety culture with a 'Safety-first' attitude amongst all employees and third-parties working with the company. Protecting the health, safety, and security of both our direct and indirect workforce and the communities in which we operate is our priority.

We believe vigilance, discipline, and always looking out for one another is the way to go. As an organization, we strive to minimize the negative impacts our operations have on the external environment and avoid them completely where operationally feasible, adhering strictly to relevant international and local laws and standards. The implementation of quality assurance and quality control (QA/QC) measures and procedures is an important part of HAPS's operations to deliver quality services to our clients. In HAPS, we provide employees with the necessary resources, equipment, and training to deliver according to their designated responsibilities. We establish work processes, goals and performance indicators to control, measure and improve work performance, risk management and emergency preparedness.
